### A

- ABS; *see* Alkyl benzene sulfonate  
 Absenteeism; *see* Personnel  
 Accidents; *see* Safety programs  
*Actinomyces*; role of, in microbiotic cycles of surface waters, 64  
 Activated carbon; adsorption of mixed solutes by, 447  
   chromatographic method for evaluation of, for adsorption of organic materials, 92  
   concentration and recovery of trace chemicals by, 976  
   granular; evaluation of, for taste and odor control, 191  
   odor removal by, 287  
   guardian system for continuous operation of Soxhlet extractors for desorption from, 1593  
   penetration of filters by, 203  
   virus removal with, 211  
 Activated silica; effect of, on floc penetration of filters, 210  
 Administration; *see* Management  
 Africa (south of the Sahara); urban water supply deficiencies in countries of, by cost and population, 944  
 Algae; *see* Aquatic organisms and growths  
 Alkyl benzene sulfonate; effect of, on lime-soda ash treatment, 729  
   effects of, in water, 523  
   retardation of, in different aquifers, 89  
   standard for, 523  
 Alkyd paints; *see* Protective coatings  
 Alum; *see* Coagulation  
 Amebiasis; *see* Waterborne disease  
 American Water Works Association; advancement and public information program of, report on, 494  
   audit of funds of, 514  
   by-laws; amendments to, in 1964, 1499  
   committee reports and activities; education, 509  
   main extensions, 1375  
   professional and administrative practice, 480  
   research, 501  
   standardization, 487  
   steel pipe, 519  
   growth in membership of, 518  
 AWWA (*contd.*); Handbook H2 (Selection of Asbestos-Cement Water Pipe), 639 (errata, 958)  
   president (E. Jerry Allen); photograph of, facing p. 1  
   photograph of, July cover  
   president (John Copley); addresses by, 1, 823  
   photograph of, July cover  
   publications; report on, 503  
   section membership awards, 518  
   standards; Installation of Asbestos-Cement Water Pipe (C603-64T), 809 (errata, 958)  
 Analysis; *see* Laboratory methods  
 Analyzers; *see* Computers  
 Aquatic organisms and growths; *see also* Bacteria; Microbiota  
   algae; blue-green; reservoir tastes and odors caused by, 1345  
   control of, with copper sulfate spread by helicopter at East Bay Municipal Utility District, Oakland, Calif., 1201  
   control of, with viruses, 1217  
   effect of, on filter runs with Great Lakes water, 1203  
   role of, in microbiotic cycles of surface waters, 61  
   toxic; public health hazards of, 1481  
   coliform bacteria; development of, in redwood storage tanks, 1489  
 Aquifers; *see* Ground water; Recharge  
 Arizona; *see* Buckeye, Ariz., Colorado River  
 Arsenic; effects of, in drinking water, 523  
   removal of, 526  
   standard for, 523  
 Artificial recharge; *see* Recharge  
 Asbestos-cement pipe; *see* Pipe  
 Asia; urban water supply deficiencies in countries of, by cost and population, 945  
 Asuncion, Paraguay; tests of spring-loaded faucet for control of use in low-cost system at, 853  
 Authorities; *see* Districts  
 Atlanta, Ga.; kerosene contamination of river supply at, 1323  
 Atomic energy; *see* Radioisotopes; Radioactivity  
 Automation; *see* Equipment (automatic control)

**B**

- Bacteria; coliform; development of, in red-wood storage tanks, 1489  
 re-evaluation of significance of, 931  
 survival time of, in water, relative to that of enterococci, 441  
 effect of filter media on removal of, 201  
 enterococcus; use of, as indicator of fecal contamination, 441  
 reservoir densities of, related to recreational reservoir use, 43  
 role of, in microbiotic cycles of surface waters, 62
- Bactericides; *see* Chlorination
- Barium; effects of, in drinking water, 523  
 removal of, 526  
 standard for, 523
- Berry-Norris formula; determination of utility contribution to main extensions by, 1377
- Billing; *see* Accounting
- Bookkeeping; *see* Accounting
- Booster stations; *see* Equipment; Pumping
- Brackish-water; *see* Saline-water conversion
- Brownian movement; theoretical effect of, in filtration, 1327
- Buckeye, Ariz.; history and costs of operation of electrodialysis plant at, 1537
- Budget; *see* Costs
- Business districts; fire protection for, 1425
- Butanol; effect of chlorination and dechlorination on tastes and odors of solutions of, 1588

**C**

- Cadmium; discussion of methods for, 744  
 effects of, in drinking water, 523  
 presence of, and hexavalent chromium in ground water slug in Nassau County, N.Y., 739  
 removal of, 526  
 standard for, 523  
 standards of various countries for, 746  
 toxicity of, 745
- Calcium; effects of impurities on precipitation of, 767  
 simultaneous determination of, and magnesium, 121
- California; *see also* Calleguas Project; Colorado River; East Bay Municipal Utility District; Los Angeles; Montebello; San Diego; San Francisco; Vernon  
 litigation affecting watersheds in, 870  
 progress of state water project in, 247  
 recreational use of reservoirs in, 152, 249

- Calleguas Project (Calif.); effect of water hammer on pump station design in, 891
- Canada; *see also* Saskatchewan River; Toronto; Winnipeg  
 surface water quality in major drainage basins and northern areas, of, 1173  
 winter water utility construction in, 1303
- Canals; transmission; costs of, 1549
- Carbon-chloroform extraction; new sampling device for, 774  
 use of, in identification of chlorinated hydrocarbon pesticides in water, 600
- Cast iron; constituents and properties of, 1437
- Cast-iron pipe; *see* Pipe (cast iron)
- Cathodic protection; *see* Corrosion control
- Central America; urban water supply deficiencies in countries of, by cost and population, 944
- Certification; developments in, in United States, 1443  
 mandatory; development of model plan for, 1448  
 New Jersey plan for, 1455  
 voluntary; Florida plan for, 1464
- Charges; *see* Rates
- Chemical analysis; data on, of supplies of 100 largest cities of United States, 237
- Chemicals; trace; occurrence of, in supplies of 100 largest cities of United States, 244
- Chesapeake Bay (region); zinc concentrations in rivers of, 280
- Child drinking from tap; photograph of, *August cover*
- Chlorides; standard for, 524  
 removal of, 526
- Chlorination; history of, in water treatment, 1280
- Chlorine dioxide; acid-additive processes for generation of, 611  
 chlorine-chlorite process for generation of, 612  
 electrolytic processes for generation of, 612  
 problems in determination of residuals of, 607
- Chromatography; *see also* Laboratory methods and equipment  
 evaluation of adsorptive capacity of activated carbon by, 92  
 gas; use of, in method for silvex, 189  
 use of, in studies of long-chain fatty alcohols for evaporation control, 781
- Chromium; effects of, in drinking water, 523  
 hexavalent; discussion of methods for, 743

- presence of, and cadmium in ground water slug in Nassau County, N.Y., 739  
removal of, 526  
standard for, 523  
standards of various governments for, 746  
Civil defense; *see* Nuclear attack  
Clam pests; life history and control of, in Tennessee supplies, 592  
Coagulant aids; Ontario Water Resources Commission studies of, 1317  
Coagulation; effect of, on filter performance, 202  
effect of polyelectrolytes on, with ferric sulfate in Missouri River water, 333  
history of, in water treatment, 1279  
zeta potential measurement for control of chemical dose for, 214  
Cold-weather operation; methods for, at surface water plants, 1239  
water utility construction methods for, in Canada, 1303  
Coliform bacteria; *see* Bacteria  
Color removal; *see* Treatment  
Colorado; *see* Denver  
Colorado River; litigation over use of, 863  
Commissions; *see* Rate commissions  
Committee report; *see* American Water Works Association  
Compensation; water utility management; 1963 survey on, 1245  
Computers; analog and digital; costs and capabilities of, for distribution system analysis, 1001  
use of, in conjunction with Darcy equation for pipe network analysis, 707  
use of, in distribution system analysis, 1414  
Condemnation; effects of 1962-63 legal development on, 32  
Conservation; soil; effect of techniques for, on surface water supplies in Texas, 991  
Construction; water utility; winter methods for, in Canada, 1303  
Contamination; *see* Pollution  
Control equipment; *see* Equipment  
Cooling towers; method for estimating costs of, 311  
Copper; effects of, in water, 524  
removal of, 526  
standard for, 524  
Corrosion; characteristics of, in ductile iron, 1433  
evaluation of, in distribution systems, 621  
research into, of plain, low- and high-alloy cast-iron pipe in various soil types, 1129  
Corrosion control; cathodic protection; methods of, 1013  
method of, for ductile-iron pipe, 1438  
method of, for pipelines in congested urban areas, 721  
galvanic system for, 721, 1014  
impressed-current systems for, 1015  
insulation for, 1011  
methods for, in distribution systems, 626, 1009  
rectifiers in pipeline protection systems for, 722  
role of plastic pipe in, 1013  
water treatment for, 1012  
Costs; data on, for Virgin Islands saline-water conversion plant, 1393  
data on, of keeping distribution system record at Fairfax County Water Authority, 1405  
data on, in Office of Saline Water desalinization plants, 1390  
estimation of, with cooling towers, 311  
indexes of, for water utility property, 1019  
marginal; rate determination with, 125  
marginal and average; use of, in rate making, 1494  
Council Bluffs, Iowa; anticorrosion treatment at, 464  
Courts; *see* Legislation; Litigation  
Cresol; effect of chlorination and dechlorination on tastes and odors of solutions of, 1586  
Culture media; *see* Aquatic organisms and growths; Bacteria  
Customers; *see* Demand; Public relations  
Cyanide; effects of, in drinking water, 523  
removal of, 526  
standard for, 523

**D**

- Dallas, Tex.; analysis of raw and treated water at, 302  
preventive maintenance program at, 579  
Dams; *see* Reservoirs  
Darcy equation; use of, in pipe network analysis, 703  
Dechlorination; effect of, on tastes and odors, 1578  
effect of, on tastes and odors of cresol and butanol solution, 1586  
Deer Point Lake, Fla.; freshening of, 984  
Demand; *see also* Meters; Rates  
measurement of, 558  
peak; use of, in residential rate determination, 403

- Demineralization; *see* Ion exchange; Saline-water conversion
- Denver, Colo.; pesticide pollution of ground water at, 268
- Depreciation; asymptotic method for determination of, for mass plant items, 134
- Detroit River-Lake Erie Project; use of critical-path method in, 1092
- Developing countries; need, costs, and plan for urban water supplies in, 939
- spring-loaded faucet for limiting use in new systems in, 853
- Development; supply; freshening of Deer Point Lake for, 984
- need, costs, and plan for, in developing countries, 939
- Diarrhea; *see* Waterborne disease
- Diatomaceous earth; *see* Diatomite
- Diatomite; zeta potential of commercial grades of, with various filtrates, 920
- Diatomite filters; *see* Filters
- Diatoms; *see* Aquatic organisms and growths
- Dibasic sodium phosphate; effect of, on lime-soda ash treatment, 730
- Diffusion; theoretical effect of, in filtration, 1328
- Disease; *see* Waterborne disease
- Disinfection; *see also* Chlorination; Treatment
- effectiveness of potassium permanganate for, 466
- Distribution systems; *see also* Pipe; Pipelines; Pumping; Tanks; Extensions; Mains
- analysis of, 1412
- cathodic protection of, in congested urban areas, 721
- control of corrosion in, 1009
- costs and capabilities of analog and digital computers for analysis of, 1001
- Darcy equation for analysis of pipe networks in, 703
- economics of leak surveys in, 575
- evaluation of corrosion in, 621
- flushing of, 393
- inhibition of corrosion in, 626
- methods of record keeping for, 1400
- "pod" concept of, for use in underdeveloped countries, 853
- protection measures for, against nuclear attack, 1571
- personnel training for, at Indianapolis, Ind., 1105
- record keeping for, at Fairfax County Water Authority, 1400
- use of galvanic anodes for corrosion protection in, 721
- Distribution systems (*contd.*); use of rectifiers in, for corrosion protection systems, 722
- Districts; Fairfax County Water Authority; distribution system record keeping at, 1400
- recent developments in, 411
- Drinking water; quality standards for, 521
- Ductile-iron; *see also* Pipe (ductile iron)
- cathodic protection of, against corrosion, 1438
- constituents and properties of, 1437
- corrosion characteristics of, 1433
- ## E
- East Bay Municipal Utility District, Oakland, Calif.; algae control at, with copper sulfate spread by helicopter, 1201
- comparison study of treatment methods made at, 535
- Economic growth; patterns of, in United States, 667
- Electrodialysis; *see* Saline-water conversion
- Electrokinetic forces; theoretical effect of, in filtration, 1330
- Electrophoresis; use of, in studies of turbidity removal with ferric sulfate, 99
- Employees; *see* Personnel; Safety programs; Training
- Epidemics; *see* Waterborne disease
- Equipment; automatic control; system of, in California Water Project, 249
- automatic recording; metering demand with, 558
- automotive and construction; replacement of, 138
- Escherichia coli*; *see* Bacteria (coliform)
- Evaporation control; photochemistry of long-chain fatty alcohols for, 784
- Expenses; *see* Costs
- Extensions; *see also* Financing
- Berry-Norris formula for determining utility's contribution to, 1379
- effect of 1962-63 legal developments on, 29
- public utility commission policies on, by states, 1382
- water industry policy on, 1375
- ## F
- Fairfax County Water Authority, Va.; distribution system record keeping at, 1400
- recent developments in, 411
- Fairmont, Minn.; anticorrosion treatment at, 463
- Fallout; *see* Radioactivity
- Federal government; *see* Government (US)

- Ferric sulfate; effect of polyelectrolytes on turbidity removal from Missouri River water with, 333  
electrophoretic studies of turbidity removal with, 99
- Filters; diatomite; effect of polyelectrolyte coatings on operation of, 1233  
evaluation of, at Fort Belvoir, Va., 1047  
effect of rate controllers on performance of, 907  
electrokinetic; use of, in permeability analysis of diatomite filter media, 795  
granular carbon; evaluation of, for taste and odor control, 191  
odor removal by, 287  
history and types of design of, 1225  
pressure diatomite; operating data for, at Fort Belvoir, Va., 1047  
vacuum diatomite; operating data for, at Fort Belvoir, Va., 1047
- Filtration; *see also* Brownian movement; Inertial impingement; Straining and sedimentation; Diffusion; Electrokinetic forces; Van der Waals forces  
activated carbon; use of, in identification of chlorinated hydrocarbon pesticides in water, 600  
chance-contact theories to account for mechanisms of, 1327  
comparison study of various types of, at East Bay Municipal Utility District, 536  
diatomite; effect of polyelectrolyte media coatings on, 1233  
hydraulic and particle size characteristics of some aids for, 793  
modified form of Darcy equation for, 330  
Ontario Water Resources Commission studies of, 1315  
streaming potentials in, 915  
effect of algae on, with Great Lakes water, 1203  
effect of media for, on coliform-bacteria removal, 201  
history of theory and types of filters for, 1225  
rapid sand; chemical effects of, with ferric flocc suspensions, 1326  
current hypotheses for mechanism of, 1326  
studies of modifications in, 198
- Financing; extension; Berry-Norris formula for, 1379  
effect of 1962-63 legal developments on, 29  
public utility commission policies on, by states, 1382  
water industry policy on, 1375  
methods of, at Toronto, Ont., 1301
- Fire protection; NBFU standards for, 1423
- Flocculation; *see* Coagulation
- Flood control; *see also* Development provisions for, in California Water Project, 251
- Florida; *see also* Deer Point Lake; Hollywood  
voluntary certification of water utility personnel in, 1464
- Fluid couplings; description of, for variable-speed pump drives, 717
- Fluoridation; status of, at Toronto, Ont., 1302  
status of (1962), in United States and Canada, 111  
use of, in 25 largest United States cities, 296  
USPHS data collection activities with regard to, 1294
- Fluorides; effects of, in drinking water, 523  
removal of, 526  
standard for, 523
- Fordilla; tests of, in Asuncion, Paraguay, 853
- Forrest Lake, Mo.; relation of recreational use to bacterial densities in, 43
- Fort Belvoir, Va.; evaluation of diatomite filter operation at, 1047
- Freeport, Tex.; operation of Office of Saline Water desalinization plant at, 1387
- Freezing; *see* Cold-Weather operation
- Froth flotation; potential uses of, in water treatment, 1281

## G

- Galvanic anodes; use of, in pipeline corrosion protection, 721
- Galvanic systems; *see* Corrosion control
- Gastroenteritis; *see* Waterborne disease
- Georgia; *see* Atlanta
- Government; *see also* Legislation  
Canadian; Ontario Water Resources Commission; treatment studies of, 1315  
state; responsibility of management with respect to proposed legislation in, 1270  
United States; Geological Survey; application of fluorescent tracing techniques to hydrologic studies in, 748  
studies of, on effect of soil conservation techniques on surface water supplies in Texas, 991
- National Bureau of Standards; studies by, in corrosion of plain-, low-, and high-alloy cast-iron pipe in various soil types, 1129

- Government; US (*contd.*); Office of Saline Water; desalinization program and plants of, 1385  
proposed legislation of, affecting state-federal water rights, 867  
Public Health Service; activities of, affecting the water industry, 1290  
role of, in California Water Project, 252  
role of, in water quality, control, 37  
Gray iron; constituents and properties of, 1437  
Great Lakes; viral and bacterial contamination of, 588  
water resources problems on, 1167  
Ground water; *see also* Recharge; Wells  
cadmium and hexavalent chromium in, in Nassau County, N.Y., 739  
corrosive; characteristics and treatment of, 461  
evaluation of potential pollution of, by waste disposal sites, 959  
fixed-position device for taking samples of, at depths, 664  
northeastern Illinois; maximum development of well sources of, 185  
quality problems with, 169  
supplies of, 169  
yield of aquifers related to pumpage of, 172

## H

- Hardness; relation of, to cardiovascular health, 369, 525  
Hawaii; *see* Oahu  
Health; *see* Fluoridation; Pollution; Safety programs  
Hexadeconal; photochemical studies of, 781  
Hollywood, Fla.; color removal at, 1153  
Howard, Norman Joseph; Fuller Society tribute to, 1369  
Hydrants; NBFU standards for distribution and maintenance of, 1427  
Hydrogen ions; buffering of, in natural waters (*erratum*), 396  
Hydrogen sulfide; removal of, with potassium permanganate, 475  
Hydrology; *see also* Ground Water; Recharge  
application of fluorescent tracing techniques to studies in, 748  
use of radioisotopes for tracing studies in, 748  
use of Rhodamine B as a tracer in studies in, 749  
use of salt for tracing in studies in, 748

- Hydroxyapatite; formation and behavior of, 347

## I

- Illinois; *see also* Lake Carthage; Mauvaise Terre Lake; Lake Decatur  
northeastern; ground water supplies of, 169  
maximum development of well sources in, 186  
quality problems with well waters of, 169  
yield of aquifers related to pumpage in, 172  
sediment movement and deposition in impounding reservoirs of, 755  
Impressed-current systems; *see* Corrosion control

Iron; effect of yellow organic acids on, in water, 1062  
effects of, in water, 524  
removal of, 526  
standard for, 524

## K

- Kansas; *see* Wichita

## L

- Labor; *see* Personnel  
Laboratory methods and equipment; chemical analysis; method of, for radioactive materials in water, 1357

- Laboratory methods and equipment (*contd.*);  
 chlorine dioxide; problems in determination of residuals of, 607  
 device for sampling soil solution in depth, 664  
 diazotization method for nitrate and nitrite, 633  
 fluorescent spectroscopy; determination of organic compounds by, 979  
 gas chromatography; determination of organic compounds by, 979  
 identification of chlorinated hydrocarbon pesticides in water, 607  
 infrared spectroscopy; identification of organic pollutants with, 1351  
 isotope solution; determination of chemicals in water by, 981  
 laboratory generation of chlorine dioxide; acid-additive processes for, 611  
 chlorine-chlorite processes for, 612  
 electrolytic processes for, 612  
 light-helium activation; determination of chemicals in water by, 981  
 liquid-liquid extraction; recovery of trace chemicals in water by, 977  
 neutron activation; determination of chemicals in water by, 981  
 new developments in, for determination of organic pollutants, 975  
 new sampling device for carbon-chloroform extraction, 774  
 paper chromatography; determination of organic compounds by, 978  
 proposed method for nitrate in potable waters, 781  
 thin-layer chromatography; determination of organic compounds by, 980  
 varieties of, for turbidity determination, 1194  
 Lake Carthage (Ill.); sedimentation data for, 758  
 Lake Decatur (Ill.); studies of sedimentation in, 758  
 Lansing, Mich.; anticorrosion treatment at, 464  
 Law; *see* Legislation and regulation; Litigation  
 Lead; effects of, in drinking water, 523  
 removal of, 526  
 standard for, 523  
 Legislation and regulation; *see also* Litigation  
 effects on water utilities of 1962-63 development in, 4  
 state; responsibility of management toward new proposals for, 1270  
 Liability; *see* Litigation; Legislation and regulation  
 Light absorption; methods for determining turbidity by, 1195  
 Light scattering; methods for determining turbidity by, 1195  
 Lime-soda ash treatment; *see* Treatment (lime-soda ash)  
 Liquid-liquid extraction; *see* Laboratory methods and equipment  
 Liquid rheostat; description of, for variable-speed pump drives, 719  
 Litigation; *see also* Legislation and regulation  
 condemnation; 1962-63 legal developments in, 32  
 effects on water utilities of 1962-63 developments in, 23  
 recent developments in, affecting resources and utilities law, 863  
 recent developments in, affecting state and federal water rights, 868  
 Long-tube vertical multiple-effect process; *see* Saline-water conversion  
 Los Angeles, Calif.; recruitment program at, 836  
 training program at, 1097  
 Louisiana; *see* Tallulah
- ## M
- Machines; *see* Equipment  
 Magnesium; effects of impurities on precipitation of, 767  
 Magnesium sulfate; effects of, in water, 524  
 Magnetic drives; description of, for variable-speed pump controls, 718  
 Mains; *see also* Distribution systems; Extensions; Pipelines  
 winter installation of, in Canada, 1306  
 Maintenance; methods of, for concrete reservoirs, 1160  
 preventive; program of, at Dallas, 579  
 Malleable iron; constituents and properties of, 1437  
 Management; critical-path method; use of, in Detroit River-Lake Erie Project for pollution control, 1092  
 qualifications for personnel in, 1275  
 responsibility of, with respect to proposed state legislation, 1270  
 water utility; education of, 827  
 extent of "moonlighting" of, 828  
 problems of, in small utilities, 549  
 quality of, 826  
 salaries paid to, 829

- Management; water utility (*contd.*); 1963  
survey on compensation of, 1245  
training course for, 834
- Managers; *see also* Personnel relations  
role of, in a small water utility, 549
- Manganese; effects of, in water, 524  
removal of, 526  
standard for, 524
- Mauvaise Terre Lake (Ill.); sedimentation  
data for, 758
- Mechanical drives; description of, for variable-speed pump controls, 719
- Meters; design of, for low-flow operation, 1243  
research progress in plastic casings for, 1149  
winter underground installation of, in Canada, 1306
- Michigan; *see* Lansing

## January

Progressing Toward AWWA's Objectives.....	JOHN G. COPLEY	1
Ductile-Iron Pipe Design.....	EDWARD C. SEARS	4
American Bar Association Review of Developments in Water Utility Law, 1962-63	ABA SUBCOMMITTEE REPORT	23
Federal Role in Water Quality Control in the United States.....	CALLIS H. ATKINS	37
Correction—Developing a Safety Program for the First-Level Supervisor (A. C. Rener).....		42
Relationship of Recreational Use to Bacterial Densities of Forrest Lake	DEAN A. ROSEBERY	43
Studies on Microbiotic Cycles in Surface Waters.....	J. K. G. SILVEY & A. W. ROACH	60
Monthly Water Bond Interest Costs and Sales.....		72
Source and Persistence of Nematodes in Surface Waters	N. CHAUDHURI, R. SIDDIQI & R. S. ENGELBRECHT	73
Retardation of ABS in Different Aquifers.....	MICHAEL J. SUESS	89
Chromatographic Evaluation of Activated Carbon.....	ROBERT A. BAKER	92
Electrophoretic Studies of Turbidity Removal With Ferric Sulfate	A. P. BLACK & JAMES V. WALTERS	99
Status of Fluoridation in the United States and Canada, 1962....	TASK GROUP REPORT	111
Method for Simultaneous Determination of Calcium and Magnesium	HYMAN KATZ & REMO NAVONE	121
New USPHS Handbook.....		124

## February

New Price Policies for Municipal Water Service.....	JEROME W. MILLIMAN	125
Planned Replacement of Water Utility Plant and Equipment— <i>Joint Discussion</i>		
Relation of Population Growth and Technology to Obsolescence..	RICHARD D. HAWES	132
Depreciation Rates for Mass Plant Items.....	JOSEPH P. LAFERLA	134
Replacement of Automotive and Construction Equipment.....	JOSEPH V. FRANCO	138
Reduction of Unaccounted-for Water.....	W. D. HUDSON	143
Watershed Management and Reservoir Use— <i>Joint Discussion</i>		
Public Health Viewpoint.....	HENRY J. ONGERTH	149
Function of the Purveyor.....	E. JERRY ALLEN	159
Future Trends.....	WENDELL R. LADUE	163
Ground Water Supplies of Northeastern Illinois— <i>Joint Discussion</i>		
Quality Problems With Well Waters.....	THURSTON E. LARSON	169
Potential Yield of Aquifers and Ground Water Pumpage.....	WILLIAM C. WALTON	172
Maximum Development of Well Sources.....	JACK BRUIN	186
Gas Chromatographic Method for Silvex	WALTER H. GUTENMANN & DONALD J. LISK	189
Reevaluation of Granular-Carbon Filters for Taste and Odor Control	MARTIN E. FLENTJE & DONALD G. HAGER	191
Studies of Modifications in Water Filtration	GORDON G. ROBECK, KENNETH A. DOSTAL & RICHARD L. WOODWARD	198
Monthly Water Bond Interest Costs and Sales.....		213
Zeta Potential Measurements in the Control of Coagulation Chemical Doses	ELWOOD L. BEAN, SYLVESTER J. CAMPBELL & FREDERICK R. ANSPACH	214
Discussion.....	RICHARD W. OCKERSHAUSEN & CHARLES J. PETERMAN	224
Reliability of Measurements of Gross Beta Radioactivity in Water....	LLOYD R. SETTER	228

## March

Selected Data on Public Supplies of the 100 Largest Cities in the United States	
CHARLES N. DURFOR & EDITH BECKER	237
Progress Report on the California Water Project.....	ALFRED R. GOLZE 247
Water Supply Economics in the Potomac River Basin.....	ROBERT K. DAVIS 257
B406, C700, and D102 Advanced to 'Standard'.....	266
Water Pollution by Organic Pesticides.....	SAMUEL D. FAUST & OSMAN M. ALY 267
Zinc Concentrations in Rivers of the Chesapeake Bay Region	
JOHN T. O'CONNOR, CHARLES E. RENN & IRMGARD WINTNER	280
Granular-Activated-Carbon Beds for Odor Removal	
RICHARD L. WOODWARD, KENNETH A. DOSTAL & GORDON G. ROBECK	287
Fluoridation in the 25 Largest Cities of the United States.....	STAFF REPORT 296
Consistency of Results With Threshold Odor Tests.....	E. A. SIGWORTH 297
Production of High-Resistivity Water at Texas Instruments	
EDWARD C. REES, ALBERT H. HALFF, ALLEN F. REID & AUSTIN F. MCCORMACK	301
Water Use and Related Costs With Cooling Towers	
BRIAN BERG, RUSSELL W. LANE & THURSTON E. LARSON	311
Modified Form of Diatomite Filtration Equation	
E. ROBERT BAUMANN & CHARLES S. OULMAN	330
Effects of Polyelectrolyte Coagulant Aids on Removal of Missouri River Turbidity	
With Ferric Sulfate.....KENNETH C. MUELLER & NATHAN C. BURBANK JR.	333
Formation and Behavior of Hydroxyapatite	
GERALD CORSARO, PRESTON LAUDERBACH & HANS SCHWANTJE	347
Developments in Saline-Water Conversion, 1963.....	COMMITTEE REPORT 358
Loose Plastic Film Wrap as Cast-Iron Pipe Protection.....	ERNEST F. WAGNER 361

## April

Water Composition and Cardiovascular Health.....	ILLINOIS MEDICAL SOCIETY REPORT 369
AWWA C400 Available.....	377
On-the-Job Training in Water Utilities— <i>Joint Discussion</i>
